The Manamater Store Shoe Chances for Everybody

The Shoe Store sweeps along with its selling. It has nothing in its history with which to compare its figures of this week. It can find nothing in the history of retail shoe-selling with which to compare its present offerings for magnitude, comprehensiveness and real cheapness.

Almost all the items of the past week are renewed for to-day's selling, and many new ones are added. A new Shoe Store has been opened in the basement for the sale of men's shoes only. Here is a brief of the story: -
